

London Borough of Hillingdon

Building Control

2026/27 Fees

**The Building Act 1984**

**The Building (Local Authority Charges) Regulations 2010**

**Building Regulations Scheme of Charges No. 1, 2010**

**Postal Address:** Building Control, Residents Services, 3N/01, Civic Centre, High Street, Uxbridge, Middlesex, UB8 1UW

**Email:** buildingcontrol@hillingsdon.gov.uk

---

**Explanatory Notes:**

1. These notes are for guidance only and do not substitute for the statutory instrument The Building (Local Authority Charges) Regulations 2010 (SI.2010/404), which contains the full statement of the law, or the Scheme of Charges current at the time you make your application. A copy of the full scheme of charges can be viewed at the above address.
2. The charges shown in the tables apply to all new applications deposited on or after the 1<sup>st</sup> April 2026 and until further notice.
3. The following tables may be used in conjunction with the scheme of charges to calculate the charge. If you require assistance calculating the charges, please contact Building Control Services via email.
4. The charge payable depends on; the use of the building, the floor area, nature of the design, duration of the project, estimated cost of work, use of competent person schemes, use of approved systems such as Robust Details, number of buildings, if consultant advice is required and whether chargeable advice has been given.
5. Where more than one operation is involved, more than one charge is payable, except, where Table 2 applies, then you should aggregate two or more extensions on the same property. Loft conversions and extensions may not be aggregated, and a separate fee is always payable.
6. Where building work has been carried out previously, without the benefit of Building Control involvement, it is possible for the Building Control Service to regularise the unauthorised works. The charge is equal to the Total Full Plans Charge or the Building Notice Charge; payable at the time the application is deposited. This service is exempt from VAT.
7. Further to point 6, as of 1st April 2022 the Regularisation application fee will include a 30% penalty charge. This is already reflected in the fee schedule below.
8. No charges are payable for Insertion of insulating material into an existing cavity wall or installation of an unventilated hot water system and where the work is carried out under a Registered Competent Person Scheme. See Principals of this scheme of charges.
9. No charges are payable for work solely and wholly to provide access or facilities for disabled persons in dwellings and buildings to which the public have access. See exemption from charging of the scheme of charges.
10. Full plans applications will attract a Plan Charge, to cover the passing or rejection of those plans and an inspection charge, to cover the inspection of work on site.
11. Should you submit a Building Notice application, you will pay a Building notice charge at the time of the deposit of the notice.
12. The reversion charge is equal to the Total Full Plans Charge or the Building Notice Charge.
13. If the basis on which the charge has been set or determined changes, the Local Authority will refund or request a supplementary charge and provide a written statement setting out the basis of the refund/supplementary charge and state how this has been calculated. In the calculation of refunds/supplementary charges, no account shall be taken of the first hour of an officer's time.
14. There is no entitlement to a refund of any regularisation charge paid, particularly if the Council cannot determine what work is required to comply with the relevant requirements.
15. If the Building Work to be undertaken is not listed as a standard charge, it will be individually determined in accordance with the principles and relevant factors contained within the Charges Regulations. Please contact Building Control Services via email for advice on what information is required to individually determine a charge.
16. Where hourly fees are noted with an (\*) is applicable for a negotiated fee. In this instance, please contact the Building Control Services via email.

**Table 1 (erection of New Housing & Flats)****Small Domestic Buildings Not exceeding 300m2 floor area and not more than 3 stories, including basements**

Type of work and floor area	Full Plans Charge						Building Notice			Regularisation
